SUBJECT: Approval of ECP SA-1
Contract S/A 5304 W/O #1

File

Dear Roger,

ECP SA-1, Addition of cable from Modulator Board 2A3 to external connector 2J3, is technically approved by the SPO. SPO requests that contractor issue final TCD and Service Bulletin directly as set forth in exhibits ASZB 66-70 and 66-83. Contractor has agreed to use procedures set forth in above referenced exhibits.

Regards,

A handwritten signature in cursive script, appearing to read "Lee".
